The PENNSYLVANIA GAZETTE.

Containing the Freſheſt Advices, Foreign and Domeſtic.

To the reſpectable FARMERS, TRADESMEN, MECHANICS and others, Electors for the City and County of *Philadelphia*.

My dear Countrymen, and Fellow-citizens,

THE Time now approaching when our preſent Aſſembly will diſſolve of Courſe, and a NEW one *muſt* be choſen for the enſuing Year, permit me to offer ſome Conſiderations, in order to engage you to act with Spirit and Circumſpection on ſo important an Occaſion, as that of chuſing Men worthy the Truſt to repreſent you in General Aſſembly. And here pleaſe to conſider, whoever you approve by your Choice on that Day, you immediately veſt with the Power of your Properties, Lives, and (what is ſtill more valuable) the moſt ſacred Liberties and Privileges of yourſelves and your Poſterity; and whatever diſagreeable Conſequences may derive from that Quarter, through an imprudent or miſtaken Choice, you are obliged to ſuſtain, and bear with your Delegates, at leaſt for one Year, who, if they ſhould prove unfaithful to their Truſt, may fetter and diſable you from taking your own Part in future. ONE corrupt Parliament or Aſſembly at this Period, when Corruption is predominant, may lay the Foundation for the groſſeſt Evils and Oppreſſion, which will require the Efforts of ſome Generations (if ever) to eradicate; whereas the utmoſt Vigilance and Aſſiduity of the moſt virtuous and ſenſible Men is ſcarcely ſufficient, to counterplot the deſpotic and tyrannical Schemes of a wicked and corrupt Miniſtry, whoſe Emiſſaries, or Men influenced by the ſame Spirit, are not ſcarce amongſt us.---Theſe endeavour to ingratiate themſelves into your Favour, or terrify you by their auſtere Behaviour---theſe are forward to offer you their Service as Repreſentatives---who graſp at Power, and exerciſe it with Tyranny and Oppreſſion---therefore they are, of all Men, chiefly to be rejected. When at the ſame Time Men of Merit, who have the Good and Well-being of their Country at Heart, diffident to undertake the arduous and weighty Taſk when propoſed to them, either totally reject it, or comply with Reluctance*; inſtances of which are recent amongſt us.---If, therefore, a Gentleman is propoſed to you, who aſpires after Wealth and Power, and ſeems determined to carry his Point by direct or indirect Methods, you may aſſure yourſelves he will not ſcruple to make Merchandize of you and your Liberties for ever, rather than be diſappointed; be careful, if you ſuſpect him, to avoid him.---If the Tenor of his Life and Behaviour doet not breathe forth his Attachment to the Freedom and Liberty of his Country, avoid him.

Men who would be fond of repreſenting you, not to do you real Service, but for their own Emolument, deſpiſe you; theſe ſay, "It is Time the Tradeſmen were checked"---"They take too "much upon them"---"They ought not to intermeddle in State "Affairs"---"They ought to be kept low"---"They will become "too powerful."---When Gentlemen of Character, and in Office amongſt us, can dare to expreſs themſelves to this Purport, whoſe Anceſtors, two Generations ago, were upon an Equality with ſome of the meaneſt of us, what may we expect? The laborious Farmer and Tradeſman are the moſt valuable Branch of the Community, and have for Ages been the Support and Barrier of Liberty, as their Patrimony and greateſt Riches, and, in this Caſe, are People of the firſt Conſequence. Many Threats, Reflections, Sarcaſms and Burleſques, have been thrown out againſt you this Year, on Account of the happy Choice you made laſt Election; many low Artifices have been made Uſe of to create Animoſities amongſt, and divide you, but, I have Reaſon to believe, without Effect, and that the common Cauſe of Liberty, and the Good of your Country, will animate and confirm you in Unity, and crown you with the Succeſs which your Integrity deſerves.

Every Election ſhould be conſidered as voting in a new Aſſembly. The Conſideration that ſuch or ſuch a Gentleman has repreſented us ſeveral Years, is vague in itſelf. Let us reflect what Services has he done? (for it is in vain to fill the Houſe with Cyphers.) What Meaſures has he propoſed for the Good of his Country, or what oppoſed, which were moved to their Detriment? Has his Behaviour been worthy the ſolemn Truſt repoſed in him? We need not now be altogether at a Loſs in this Enquiry; through a Majority of worthy Members, the preſent Year, we have had the Advantage of the Votes printed weekly, during the Seſſion; and therein we find ſome Grievances happily redreſſed, which entitles thoſe diſtinguiſhed Gentlemen to the higheſt Eſteem; and if ſuch will continue their Services, it is our Duty to ſupport them with all our Might. It behoves us all to fix upon reputable, upright, ſenſible (not to ſay opulent) Men, who have Penetration to diſcern betwixt the Good and the Evil, who with Spirit and Candor will promote every poſſible Meaſure for the Advantage of their Country, and as ſtrenuouſly oppoſe every Thing to the contrary; who will, upon no Account, conſent to give up or reduce the valuable Privileges heretofore granted, and intended, to the happy Province of *Pennſylvania*. I doubt not but you will conduct yourſelves with Spirit, Moderation and Candor, and diſplay to your Adverſaries, that Men, *who in the Sweat of their Brows eat their Bread*, are capable of ſound Judgment and Prudence. Having nothing more at Heart, than a fervent Deſire of promoting Peace on Earth, and good Will amongſt Men, I ſubſcribe myſelf, with my beſt Wiſhes for your preſent and future Welfare,

A CITIZEN OF PHILADELPHIA.

September 16, 1773.

* *Judges*, ix. 7. *The Parable of the Trees and the Bramble.*

THE Adventurers in the VINEYARD LOTTERY are informed, that the reaſon of its not being drawn as intended at the time appointed, is owing entirely to ſeveral of the Managers being lately much out of town, on their own private buſineſs, one of whom is not yet returned; likewiſe not having received a regular account of ſome tickets in the country, which as ſoon as obtained the drawing will commence, of which notice will be given. We hope therefore the Adventurers will be kind enough to excuſe this trifling delay. Some tickets may yet be had at the uſual places, and as the ſcheme is pleaſing, and inferior to none, it is hoped it will induce others to become Adventurers, and promote ſo laudable and expenſive an undertaking, which (without doubt) if properly encouraged, and if we may judge from appearances, will anſwer expectation; and be in a ſhort time both a credit and benefit to the province, by ſtimulating numbers of Germans and others, acquainted with the cultivation of vineyards, to purſue it.

The Aſſembly of Virginia, paying due attention to a like undertaking, have generouſly granted £ 50 ſterling a year to a Gentleman there, to enable him to make a trial: Pennſylvania is ſeldom backward in encouraging laudable undertakings, a Lottery is thought the moſt eligible way, wherein every encourager ſtands a good chance of being a gainer.

By the Ship Catherine, Captain SUTTON, *arrived here from* LONDON, *we have the following Advices, viz.*

PETERSBURGH, June 22.

THE Court has received, from the Field Marshal Count de Romanzow, a continuation of the journal of the military operations as far as the 24th of May. It appears by this journal that, besides the prisoners taken by Colonel Klitscha, several Turkish families, in number 3336 persons of both sexes, have put themselves under the protection of Russia, and that a still greater number of Christians have followed their example. The Marshal has made them pass the Danube, and has not only left them all their effects, but has also assigned them habitations on this side of that river, in the conquered places. The journal then gives an account of the expedition of Major General Suwarow at Turtukay, with a detail of every thing that preceded and followed thereupon. By that expedition, General Count de Soltikow has found means to cut off all communication between Silistria and Rustschuck with the Danube; and Major General Suwarow avails himself of the facility which this expedition has procured him, of sending detachments on the other side of the Danube, by the mouth of the Argis.

Bologna, in Italy. The suppression of the Jesuits, and confiscation of their effects, goes on here, and throughout all the ecclesiastical state.

From the Vistula, July 1. The situation of Dantzic becomes daily more critical, and people begin to fear that the mediation of Russia will prove more hurtful than advantageous to it. The Sieur Reichard has just given the *ultimatum* of the King of Prussia, by which that city is to acknowledge the Sovereignty of that Prince over the Port of Dantzic, and Count Golowkin has at the same time delivered a note to the Magistrate, in which he declares, that this acknowledgement must be the basis of the negociation with which he is charged. Whilst this grand affair remains undetermined, the commerce of Dantzic suffers greatly by the changes that are introduced, for the importation of wool, from the countries acquired by the Court of Berlin, is prohibited, and none is suffered to be imported but from Poland. The rumour of an approaching revolution in Courland begins to subside, especially since it is known, that the Empress of Russia consents to the marriage which the reigning Duke proposes to contract with a Princess of Germany. We hear that his choice is fallen on the Princess Christina, of Mecklenburgh Strelitz, eldest sister of the Queen of England.

Amsterdam, July 15. Letters from Hamburgh of the ninth of this month advise, that the affair between the Courts of Petersburgh and Copenhagen concerning Holstein, is entirely settled and ratified; that Denmark is to enjoy great advantages in that Duchy, but that Crown is to furnish Russia with several ships of war; they add, that a perfect harmony reigns among the Northern Powers.

Paris, July 9. Letters received from the King's Ambassador at the Porte, confirm the news of the advantages gained by the Turks over the Russians. It seems that the Ottomans are greatly encouraged to push on the war with vigour, and will not consent to any peace but on conditions more moderate than those prescribed them by the Russians.

Utrecht, July 15. We have received from Constantinople the following detail of the success of the Ottoman arms, dated June 9. "Dagistangi Ali Pacha being informed that a body of Russians had passed the Danube two leagues above Giurgewo, in twenty-one large barques, the Pacha, who had marched with the greatest expedition, fell suddenly upon the Russians, and entirely dispersed them, who took to their barques, after having great numbers killed, and leaving 600 prisoners, among whom is a brother of Prince Repnin. Of the above barques six were afterwards taken by some of the Turkish barques from Russig, and ten others were either driven on shore, or very roughly handled. It is added, that the Turkish artillery did great execution among the Russians, who were drawn up in order to cover the retreat of the above body. The Grand Visir has caused a quantity of aigrettes, and an hundred purses, to be distributed among his troops in the above expedition."

Copenhagen, July 6. Last Friday there was a numerous court, and afterwards a grand entertainment at the castle of Friedensburgh; there was also a grand dinner of 50 covers at Prince Frederick's. To-morrow, being the birth day of the Princess Royal Louisa-Augusta, who will then enter the third year of her age, there will be an entertainment at Court.

Cologne, July 9. Some difficulties have lately arisen, on the subject of the navigation on the Rhine. The Chamber of Finances of the Elector our Sovereign, has published a new regulation, which enjoins all vessels to give in at the offices of this city, an exact account of their respective ladings, without secreting any thing, under penalty of being searched, and severely punished in case any fraud is discovered. This regulation farther ordains the paying all duties without delay or deduction, and that all the vessels belonging to different States, navigating that river, shall be obliged to lade and sail in their respective turns. The Elector of Mentz principally opposes this regulation. During the dispute, several vessels are detained at Bonn and Oudernach, so that commerce is at a stand, and much merchandize in danger of receiving great damage.

Stockholm, July 2. The Russian Minister having previously informed the King on the part of the Empress his Sovereign, that a Russian fleet would cruise this summer in the Baltic, to exercise their crews; and having requested, that in case a storm should oblige the ships of that fleet to seek an asylum in the ports of this kingdom, they may be received, and all necessary assistance afforded them, the King hath sent orders to all the Commandants of his ports, not only to receive such ships kindly, but also to give them all the succours they may stand in need of.

From the Vistula, July 6. *We are informed that the city of Dantzic will not be much longer under the protection of the King of Poland, but is to pass under that of the King of Prussia, who will enjoy, in that city, the same prerogatives which the Crown of Poland had there; and the citizens of Dantzic are to pay to his Prussian Majesty* 300,000 *crowns.*

LONDON.

July 20. Letters from Rome, dated the 29th ult. assure us, that all the effects and papers of the Jesuits, in their colleges and houses, have been seized and sealed up, throughout the Ecclesiastical State, and that they are to be all banished by the 15th of August next. The Bull for their suppression has already appeared, and begins with the words *Soli Deo*, &c. In it, among other crimes, the Jesuits are accused of having falsified Bulls of the Sovereign Pontiffs. The said Bull will not be published in form at the above period, as his Holiness is for having their effects disposed of by the Bishops, which is opposed by the Court of Vienna, who pretend to have a right to dispose of them, after the example of the Princes of the House of Bourbon. This retards the restitution of Avignon and Benevento to the Holy See, as those Courts wait to see his Holiness fulfil all his promises previous to their surrender.

By a Captain of a ship, arrived from Weymouth, we are informed, that last week some fishermen brought into that port a schooner about 70 tons burthen; her lading chiefly consisted of spirits and some tea, but not a living creature on board.

July 22. It has been often conjectured, that the three vast continents of Europe, Asia and America, are so joined as to form but one; taking this for granted, and it will follow, that the whole four continents are united, for it is an unquestionable fact, that the continent of Africa is joined to that of Asia by the Isthmus of Suez, which some have not improbably deemed the Goshen of the ancients. The Eastern parts also of European Muscovy join Asia, and that again in some very high latitudes joins the Northern parts of America; from hence it should seem, though our discoveries have not as yet ascertained the fact, that there is somewhere a junction of the four continents; and this will solve the difficulty under which Historians have laboured, when attempting to account for the manner of peopling those immense tracts of land, which by vulgar error are supposed to be separated by the Ocean from other Continents.

A Privy Council is summoned to meet this day at St. James's, said to be in reference to several Petitions against the late Gold Coinage Act, setting forth the hardships the community in general suffer on the occasion.

There are letters in town from Carthagena, in the Spanish West-Indies, which relate, that the revolution of the natives of Chili, and the southern provinces of Peru, was entirely compleated in the month of December last; that the Spaniards were totally driven out of the Country, and a descendant of the ancient Incas placed on the throne of those extensive territories.

Extract of a Letter from Vienna, July 10.

"A courier has just arrived here from the Russian army, with advices of a large party of the Russians, amounting to 11,000 horse and foot, under the command of Lieutenant-General Potemkin, being entirely defeated by the Turks, but 4000 escaping with the General, and other officers of distinction. This party was detached by Count Romanzow, to attempt the taking of Ockzakow, which is in Budziack Tartary, and a town of great importance. They marched from the camp at Targorod, in Moldavia, and met with no opposition till they arrived at Beuden, a city of Bessarabia, where a body of the Turkish army, under the command of two Bassas, lay intrenched. The Russians attacked them immediately, and after an obstinate engagement, entered the intrenchments, driving the Turks out with great loss. They retired towards Ockzakow, and the victorious Muscovites pursued as far as Palantua, a little town, with two strong castles; at the back of this town lay encamped 8000 Turks, and near 20,000 Tartars. This was entirely unexpected by the Russians, but no alternative now remained, they must either fight, or yield themselves prisoners; they chose the former, and began the attack themselves, by firing from twenty pieces of artillery, which made some slaughter, but the superior number of the Turks and Tartars prevailed, near 6000 of the Russians were killed, about a thousand prisoners, and the rest, with General Potemkin, made good a retreat to Bender."

Extract of a Letter from Constantinople, June 11.

"The Porte seems determined to carry on the war with the greatest vigour; for this purpose, about the middle of last month, a squadron left our Canal for the Black Sea, composed of 8 ships of the line, three of which mount 64, and five 54 guns; six frigates of 30 guns, a lambequine of 40 guns; ten chebecs, four of which mount 30, three 24, and three 20 guns; a kind of vessel, called Tombatz, of 20 guns; a Dutch built vessel, mounting 40 guns; ten Albanian and Candiote ships, mounting from 30 to 18 guns; and galleys, half-galleys, and galliots, to the number of an hundred. This armament is divided into three squadrons; the first, that intended for Ockzakow, is arrived there, and has landed the troops and ammunition intended for that place; the second, which is composed of the stoutest vessels, is destined to shut up the mouth of the Danube, to hinder the sailing of the Russian armament, constructed under the direction of Admiral Knowles, near Ismailow, from entering the Black Sea; and the third division is to transport troops and necessaries for succouring the Crimean Tartary, and recovering that country from the power of the Russians."

We are credibly informed, that Lord North has not only consulted the Governors of the Bank and Officers of the Mint on the Coin Act, but has likewise had the opinion of the Attorney and Solicitor General on the same, all of whom approved thereof.

A piece of very rich silk brocade is now making for a Great Personage, by an eminent weaver near Spitalfields, which, without either the ornament of gold or silver, it is said, will amount to fifty guineas per yard.

It is said, that Kensington Palace is now actually fitting up for the Duke and Dutchess of Gloucester's winter residence.

July 23. Some Neapolitan officers, who had been ten years in slavery at Algiers, are just released by his Sicilian Majesty. One of them, it seems, was so much in favour with the Dey, on whose person he constantly attended, that he made him the most generous offers, to engage him to stay with him, and on the officer's declining, sent him home loaded with presents, and gave him a passport to trade freely in the state.

They advise from Cadiz, that the French frigate La Licorne put in there for water, sailed again the 19th *ult. and the next day she foundered in a gale of wind, about* 20 *leagues off that place, and all the crew perished.*

Advice is received that the French Consul at Goa, in the East-Indies, with his wife, family, and servants, have been massacred by the inhabitants. The English and Dutch settlements on the same coast are under very great apprehensions of a visit from them, on which account the strictest military discipline is observed.

July 24. A proposed treaty of alliance, between the Crown of Great-Britain and the several branches of the House of Bourbon, is at present much the subject of conversation at the West end of the town. If this report has any foundation, it accounts at once for the unexpected return of our Minister from the Court of Versailles, and his frequent visits to Caen-Wood and Luton Hoo.

Though the news of the week is, Lord Hillsborough is gone to Ireland on his own private business, it is talked of for a certainty, that he is gone with the *Olive Branch*, to conciliate the breaches between Government and the leading men in the opposition.

On Thursday last the Privy Council adjourned the report of the Lords of Trade and Plantations, upon the conduct of an American Governor, till Thursday next, at 11 o'clock in the forenoon. The hearing was attended by a respectable and crowded audience; among them many of the principal gentry from all the American provinces, and from the West-India islands, were present. The Council on the other side will be heard on Thursday. An appeal upon a report of this nature was never before argued; and it was termed a very heavy, coarse, and strange performance, by the Council against it, and otherwise much abused. This being a cause of much public expectation for more than eighteen months past, the Lords are detained in town a week longer, and a decision will be concluded upon before the usual summer recess.

It is affirmed, that the Emperor piques himself more on being a descendant of the Dukes of Loraine, and consequently of the antient race of the Kings of France, than as head of the Germanic body. This predilection for the country of his ancestors may in future be productive of very serious consequences to the tranquility of France, Germany and Italy.

A plan has lately been presented to his Majesty by Lord Sandwhich, to engage sailors to enter into the navy on any emergency in future, which has met with approbation.

Advice is received from St. Malo's, that on the 10th instant, they had as violent a storm of thunder, lightning and rain, as ever was known, which did a great deal of damage to the houses in the city, and to the parts adjacent, destroying all the fruits, and several persons were struck dead by the lightning, as were many of their cattle; that there was likewise a great deal of damage done to the shipping on that coast; pieces of wrecks and dead bodies are daily thrown on shore.

Letters by the Fox East Indiaman bring an account, that the French have got at the Mauritias a very considerable fleet of men of war ready to put to sea; that they are building several strong forts and batteries, the materials for which they carried with them from Europe.

July 26. Saturday in the afternoon two messengers were sent from Lord Rochford's office to his Majesty at Kew, with dispatches received from abroad, one of which was from Horace St. Paul, Charge des Affaires at the French Court.

The late resolution of the General Court of East-India Proprietors, relative to negating the command of their forces to Lieut. Gen. Clavering, has not a little discomposed the Premier. The resolution, however, formed by him in his emergency is this. Seeing that even the authority of the King and Privy Council cannot operate in the General's favour, the Judges and other officers, lately appointed to go out to India, and who were to have sailed the beginning of October next, are now to wait to the middle of November, by which time the Parliament will be assembled, and the first business they go on, will be to make an act, declaratory of their former resolution, appointing Lieut. Gen. Clavering Commander in Chief of the East-India Company's forces in India.

"This Republic is at present under much consternation, owing to some proceedings of the Russian ships now in the Adriatic; three sail of large ships of war and a frigate, who met with some damages off the coast of Malachia, put into the harbour of Pago, or Glissa, in the island of the same name, about two miles from the Marlachian coast. They obliged the inhabitants to furnish them with provisions, and every thing necessary for the repair of their ships; and have likewise built two forts at the mouth of the harbour, under pretence of a guard against the Turks."

NEW-YORK, September 20.

Wednesday Evening arrived here, in 23 *Days from the Bay, the Snow Esher, Captain Dunn, bound to Boston, but put in here being in Want of Provisions: He reports that there are about* 20 *of the most desperate of the Negroes still in Arms; that five who were taken were executed in the following Manner, viz. One hanged, three burnt, and one gibbetted alive. That their plan (which was laid with such Art as to give it a Probability of Success) was to have murdered every white Person and their Adherents; but the full Execution of it was happily prevented, by the Confession of one of the Conspirators who had been taken---that since the Beginning of the Insurrection, they had murdered about* 20 *white people---that a Man of War was arrived there from Jamaica, and they had sent for another to protect them---that they were in great Want of Provisions, and none to be had, the Trade being entirely at an End. No Logwood or Mahogany cut this Year, and what had been left of what was cut before, washed away with the Floods. That in* 6 *Weeks, upwards of* 40 *Negroes had gone over to the Spaniards, who protected and refused to deliver them up; and* 20 *more in one Gang went off just before he left the Bay: That most of the white People were preparing to leave it, with their Negroes and Effects, some of them intending to settle in Georgia, being very apprehensive the Spaniards would come down upon them, and make Reprisals for the Salvage of the Spanish Register Ship Thetis, which had been lost at the Bay some Time ago, as mentioned in the Papers. He left only two Vessels there, one of which, a Brig, belonging to Philadelphia, Captain Jonathan Eves, was to sail for Georgia, with Negroes, &c. in about* 10 *Days after Captain Dunn.*

On the 3*d Instant a farther and very strict Search was made for printing Materials (concealed by Ford, the Money-maker) in the Swamp where the Press was found, when, after much Diligence was exerted, a Sett of Plates, for printing the Currency of Maryland, Pennsylvania, New-Jersey and New-York, with a Quantity of Types and other Utensils, for carrying on the counterfeiting Bills of each Province, were discovered and secured. In the Course of his Flight, he put off some Jersey Bills, of his own Manufacture, among the Indians, who, being afterwards apprized that they were counterfeited, very chearfully joined in the Pursuit of this most pernicious Artist.*

We are assured that BENJAMIN FRANKLIN, *Esq; will embark in one of the early London Fall Ships for this City, on his Way to Philadelphia. The Captains Miller, Lawrence and Chambers, were to sail from thence on the first of August.*

The Seneca Indians have killed four Frenchmen, and robbed a Canoe of 30 *Packs of Peltry, on Lake Ontario. This Account is sent down from Onondago. Another Account, brought on Tuesday Evening, mentions, that five Persons, coming from Michilimachinac, have been murdered by the Indians, amongst whom were Captain Volkert Douw, and Mr. M'Farlane.*

We hear from Merris-Town, in New-Jersey, that on Friday last David Reynolds was executed there, for counterfeiting the Bills of Credit of that Province.---Three others, who were to have suffered with Reynolds, are respited for one Month.

PHILADELPHIA, *September* 22.

On Saturday last his Honour the Governor was entertained by the Mayor and Commonalty of this City, at the State-House, with an elegant Dinner, at which were present the late Governor Richard Penn, Esq; the Members of the Council, the Judges, the Clergy, the Gentlemen of the Army and Navy, with most of the Strangers and principal Inhabitants of this City. Many loyal and patriotic Toasts were drank, accompanied by the Discharge of the Artillery from the Barracks, and the whole conducted with much decent Festivity.

BY THE HONORABLE

JOHN PENN, Esquire,

Governor and Commander in Chief of the Province of *Pennsylvania*, and Counties of *New-Castle, Kent* and *Sussex*, on *Delaware*,

A PROCLAMATION.

WHEREAS I have received Information, that several ill-disposed Persons, in Disobedience to his Majesty's express Orders, and in direct Violation of the Laws, have lately presumed to seat themselves upon Lands, within the Limits of this Province, not as yet purchased of the *Indians*: AND WHEREAS the making such Settlements doth greatly tend to irritate the Minds of the *Indians*, and may be productive of dangerous and fatal Consequences to the Peace and Safety of his Majesty's good Subjects: AND WHEREAS, by an Act of General Assembly of this Province, passed in the Ninth Year of his Majesty's Reign, for preventing Persons from settling upon Lands, not purchased of the *Indians*, it is enacted, "That if any Person or Persons, after the "Publication of this Act, either singly or in Companies, shall "presume to settle upon any Lands, within the Boundaries of this "Province, not purchased of the *Indians*, or shall make, or cause "any Surveys to be made, of any Part thereof, or mark or cut "down any Trees thereon, with Design to settle or appropriate the "same to his own, or the Use of any other Person or Persons "whatsoever, every such Person or Persons, so offending, being "legally convicted thereof, in any Court of Quarter Sessions of "the County where such Offenders shall be apprehended (in which "said Court the said Offences are hereby made cognizable) shall "forfeit and pay, for every such Offence, the Sum of *Five Hundred Pounds*, and suffer Twelve Months Imprisonment, without "Bail or Main-prize, and shall moreover find Surety for his good "Behaviour during the Space of Twelve Months, from and after "the Expiration of the Term of such Imprisonment;" I HAVE therefore thought proper, by and with the Advice of the Council, to issue this my Proclamation, hereby strictly enjoining and requiring all and every Person and Persons, already settled or residing on any Lands beyond the boundary Line of the last *Indian* Purchase, immediately to evacuate their illegal Settlements, and to depart and remove themselves from the said Lands without Delay, on Pain

of being profecuted with the utmoſt Rigour of the Law. AND I DO hereby prohibit and forbid all His Majeſty's Subjects of this, or any other Province or Colony, on any Pretence whatſoever, to intrude upon, ſettle or poſſeſs, any of the aforeſaid unpurchaſed Lands, as they will anſwer the contrary at their Peril. AND I DO ALSO hereby ſtrictly command and require all Magiſtrates, Sheriffs, and other Peace Officers within this Province, to enforce and carry into ſtrict Execution the ſaid Act of General Aſſembly, as well againſt the preſent Offenders in the Premiſes, as all others who may hereafter tranſgreſs the ſame.

GIVEN under my Hand, and the Great Seal of the ſaid Province, at Philadelphia, *the twentieth Day of* September, *in the Thirteenth Year of the Reign of our Sovereign Lord GEORGE the Third, by the Grace of GOD, of* Great-Britain, France *and* Ireland, *King, Defender of the Faith, and ſo forth, and in the Year of our Lord One Thouſand Seven Hundred and Seventy-three.*

JOHN PENN.

By His Honour's Command,
JOSEPH SHIPPEN, *jun. Secretary.*

GOD SAVE THE KING.

To the PRINTERS of the PENNSYLVANIA GAZETTE:

GENTLEMEN,

By inſerting the following Addreſs to the Freeholders of this County and City, you will oblige, N. Z.

MY FRIENDS, *Philadelphia, Sept.* 18, 1773.

THE unhappy Diviſions that have prevailed in this County and City, for ſeveral Elections paſt, cannot fail to occaſion a real Concern of Mind in every virtuous Breaſt.----To obſerve Men, who lived in Confidence, and ſtood high in the Eſteem of each other, ſuddenly diſſolving all Friendſhip and Regard, and Hatred and Enmity ſucceeding, can only afford Pleaſure to the moſt degenerate Mind. Where we muſt ſeek for the Cauſe of this, my worthy Fellow-citizens, is not my preſent Intention to inveſtigate farther, than to attribute it to the natural Infirmities of human Nature; ſuch Infirmities as it is our Intereſt, as well as Duty, to bear. I mean not to reproach you in what I have advanced; for I muſt confeſs I felt as well as others the malignant Effects of a Party Rage, which made me view ſome of my very Friends as Monſters, whoſe political Sins made fit to be ſacrificed to the Manes of our bleſſed Conſtitution, and which I thought they were ready to barter away for the Gratification of their Avarice, their Spleen, or their Ambition.----Of theſe I ſincerely aſk Pardon, for now the Miſt of Prejudice and Paſſion has ſubſided, I view them through a clear Medium, which neither magnifies their Faults, nor obſcures their Virtues; and I find they were actuated by the ſame laudable Motives, which, I hope, I ſhall ever have to boaſt of, the Love of Liberty and our Conſtitution.

Theſe, my Friends, are my Sentiments, which I truſt will be a ſufficient Apology for taking up my Pen at this Time, to endeavour to effect a Reconciliation of Parties; for which Purpoſe I beg Leave to propoſe a few Queries to your Conſideration. But firſt I muſt declare, that I am attached to no particular Party amongſt my Fellow-citizens, but I revere the Friends of Liberty, and the honeſt, of every Party.

QUERIES.

1ſt. Can you believe in your Hearts, that either Party amongſt you, ſome ſplenetic, turbulent, and ambitious Men excepted, have any Thing further in View, than the real Security of our Conſtitution, and Proſperity of Pennſylvania?

2d. Ought you to abuſe, revile and calumniate one another, merely for differing in your political Sentiments?

3d. Would it not be more conſiſtent with the Character of a polite civilized People, ſuch as Philadelphians are acknowledged to be, to act with Decency, Unanimity and Harmony?

4th. Would it not become our Character, and Profeſſion as Chriſtians, to endeavour to promote Concord, rather than to ſow Diſſentions?

5th. And laſtly, Are not the moſt of you, who have been involved in our political Controverſies, heartily tired of them; and do you not wiſh for Harmony to be reſtored?

I have ſo high an Opinion of my Fellow-citizens, both as Politicians and as Men, that I cannot doubt the Anſwers that would be made to theſe Queries; ſuch Anſwers as Wiſdom and Benevolence will naturally dictate. In Hopes that I am right in theſe my Sentiments of you, I do now venture to propoſe a general Meeting of the moderate, ſenſible and reputable Freeholders and Electors of this City, without any Diſtinction of Parties, that we may agree upon two Perſons to repreſent us, in the Room of Samuel Shoemaker, and Joſeph King, Eſquires, ſuch as may both ſerve their Country, and do Honour to our Choice. If ſuch a Meeting can be effected, I have great Hopes it will be productive of a Reconciliation, provided that Decency and good Manners be preſerved in their Debates; that it may, is the ſincere Wiſh of

PACIFICUS.

RAVEN,

IS now in good Condition, and will be expoſed to public Sale, on Fourth-day, the 29th of this inſtant September, at 12 o'Clock, at the Coffee-houſe, in Philadelphia. ¶

To be SOLD, by way of public VENDUE, on the 28th day of September inſtant, at the tan-yard of the ſubſcriber, in Cheſter,

A LARGE quantity of Soal and Upper LEATHER, in vatts, the greateſt part of which is nearly tanned, with a quantity of Calf-ſkins and tanned Leather. Likewiſe will be ſold, at the ſame time and place, a good Draught-horſe. The ſale to begin at one o'clock in the afternoon; where credit will be given, upon giving ſecurity, if required. Any perſon inclining to purchaſe any part of ſaid leather may ſee it, by applying on the forenoon of ſaid day; where attendance will be given by SAMUEL FAIRLAMB. ¶

WANTED,

A STRONG active Pair of young HORSES, natural Trotters, not leſs than 15¼ Hands high; the Colours moſt agreeable will be either black, bay or brown.----Alſo wanted, a young HORSE, of a dark brown Colour, with a Blaze in his Face, of 15¼ Hands high, a natural Trotter. Any Perſon, having ſuch Horſes to diſpoſe of, may hear of a Purchaſer, by applying to the PRINTERS hereof.

THE ſubſcriber, having obtained patents for upwards of 20,000 acres of land, on the Ohio and Great Kanhawa, being part of 200,000 acres, granted by proclamation, in 1754, (10,000 of which are ſituated on the banks of the firſt mentioned river, between the mouths of the two Kanhawa's; the remainder on the Great Kanhawa or New River, from the mouth, or near it, upwards in one continued ſurvey) propoſes to divide the ſame into any ſized tenements that may be deſired, and leaſe them upon moderate terms, allowing a reaſonable number of years, rent free; provided that, within the ſpace of two years from next October, three acres for every fifty contained in each lot, and proportionable for a leſſer quantity, ſhall be cleared, fenced, and tilled, and that by or before the time limited for the commencement of the firſt rent, five acres for every hundred, and proportionably, as above, ſhall be incloſed and laid down in good graſs for meadow; and moreover, that at leaſt fifty good fruit trees, for every like quantity of land, ſhall be planted on the premiſes.

Any perſons inclinable to ſettle upon theſe lands, may be more fully informed of the terms, by applying to the ſubſcriber, near Alexandria, in Virginia, or, in his abſence, to Mr. LUND WASHINGTON; and will do well in communicating their intentions before the firſt of October next, in order that a ſufficient number of lots may be laid off to anſwer the demand.

As theſe lands are among the firſt which have been ſurveyed, in the part of the country where they lie, it is almoſt needleſs to premiſe, that none can exceed them in luxuriency of ſoil, or convenience of ſituation; all of them lying upon the banks either of the Ohio, or Kanhawa, and abounding in fine fiſh and wild fowl of various kinds, as alſo in moſt excellent meadows, many of which (by the bountiful hand of nature) are in their preſent ſtate almoſt fit for the ſcythe.

From every part of theſe lands water carriage is now had to Fort-Pitt, by an eaſy communication, and from Fort-Pitt up the Monongahela to Red Stone, veſſels of convenient burthen may, and do paſs continually; from whence, by means of Cheat River, and other navigable branches of Monongahela, it is thought the portage to Patowmack may, and will be reduced within the compaſs of a few miles, to the great eaſe and convenience of the ſettlers, in tranſporting the produce of their lands to market; to which may be added that, as patents have now actually paſſed the ſeals, for the ſeveral tracts here offered to be leaſed, ſettlers on them may cultivate and enjoy the land in peace and ſafety, notwithſtanding the unſettled councils, reſpecting a new colony on the Ohio; and as no right money is to be paid for theſe lands, and a quitrent of Two Shillings, ſterling a hundred, demandable ſome years hence only, it is highly preſumable that they will always be held upon a more deſirable footing, than where both theſe are laid on with a very heavy hand. It may not be amiſs further to obſerve, that if the ſcheme for eſtabliſhing a new government on the Ohio, in the manner talked of, ſhould ever be effected, theſe muſt be among the moſt valuable lands in it, not only on account of the goodneſs of the ſoil, and the other advantages above enumerated, but from their contiguity to the ſeat of government, which more than probable will be fixed at the Mouth of the Great Kanhawa.

Mount Vernon, July 15, 1773. GEORGE WASHINGTON.

TO BE RENTED,

THE plantation whereon Mr. William Clifton formerly lived, lately poſſeſſed by Mr. Samuel Johnſton, and at preſent in the tenure and occupation of his daughters; this plantation, or farm, is very pleaſantly ſituated on Patowmack River, about five miles below Alexandria, and contains about 200 acres of cleared land, very good for grain of every kind, and tobacco; as alſo one of the largeſt and beſt ſprings on this ſide the Blue Ridge, within twenty yards of the door; it has a front upon the river of near a mile and an half, affording ſeveral good fiſhing landings; one of which only rented laſt ſpring, during the ſhad and herring ſeaſon, for Twenty-five Pounds; to this belongs a well accuſtomed Ferry, upon the moſt direct road leading from Annapolis through Colcheſter, Dumfries, and Frederickſburg to Williamſburg; on the premiſes are a dwelling-houſe, with two brick chimnies and ſeven rooms, a kitchen, ſmoke-houſe, &c. By the beſt judges the dam and race can be made for Seventy Pounds currency, there being on the ſpot great plenty of ſtone, timber, and a never-failing ſtream of water; a quantity of good land may be had adjoining, not exceeding 100 to 150 acres, as may beſt ſuit the purchaſer. Every encouragement will be given to any perſon or perſons that can come properly recommended.

To be ſold likewiſe, Thirty-ſix ACRES of LAND, contiguous to and joining the paſture lots, in Baltimore-town, either in lots of one acre, or more, as may beſt ſuit the purchaſer; it is very well ſituated for paſtures, gardens, or other improvements, and may be either leaſed or ſold out.
